Sub : One day Vidarbha level Students' Technical Extravaganza. On the theme 'Innovative Technologies for Rural Development in Vidarbha' in honour of Padmabhushan Dr. Vijay Bhatkar on 11th October, 2015.

Ref : Letter dated 11.9.2015 Gadge Baba Mandal, Daryapur.

Sant Gadge Baba Mandal, Daryapur Dist. Amravati is organizing a one-day Vidarbha level Students' Technical Extravaganza on the theme '**Innovative Technologies for Rural Development in Vidarbha**' on Sunday, the 11th October, 2015 at village Muramba in Murtizapur Tehsil of Akola District. This event is jointly organized in association with Dr. Sau. Kamaltai Gawai Institute of Engineering & Technology, Darapur & Vikramshila Polytechnic, Darapur.

This technical event is specially planned on 11th October, 2015 (65th birthday of Padmabhushan Dr. Vijay Bhatkar Sir) at Muramba village (birth place of Dr. Vijay Bhatkar Sir) as a part of birthday celebration and mark of respect to this great visionary icon and well known technical leader for his great achievements and outstanding contribution in the development of super computer and in turn who brought name and fame to our region.

Working model exhibition and poster presentation on various topics of all the streams of engineering leading to the theme 'Innovative Technologies for Rural Development in Vidarbha' will be show-cased by the students in this event. This event will provide a platform for the students to innovate and exhibit their hidden talents in the various fields of engineering and technology through poster presentation and other brain tackling technical activities and provide an opportunity to listen the views of technical leaders and invited speakers on the occasion.

The details of the technical event are available in the enclosed brochure and is also available on the mentioned website.

I request you to circulate this announcement and call for the participation to all the students of your institute, so as to attract maximum participation. Minimum one entry for model exhibition and poster presentation from each stream of engineering from your institute is expected.

Looking forward to your valued cooperation for success of this event.
