Government Polytechnic, Yavatmal

(27th June to 1st July, 2016)

About Institute :

Government Polytechnic, Yavatmal was established in the year 1964 and celebrated Golden Jubilee Year (1964-2014). The institute is having 17.36 hectare (42.9 Acres) of land. The institute is about 40 km from Dhama ng a o n railway station and at a distance of 03 km from Yavatmal Bus Station. The Institute is a recipient of Narsee Monjee best Polytechnic Award for the year 2013-14.

The institute offers Five Engineering Diploma courses viz. Civil, Mechanical, Electrical, Computer, Chemical.

Apart from imparting technical education, institute also provides services to various Govt., Semi-Govt., as well as to private organization and the society.

VISION

“To be a national level Institute, catering the changing needs, while achieving the highest level of quality, professional skills, client satisfaction and also contributing towards the nation building through technological, economical and social development of the country.”

MISSION

“To produce technicians to fulfill the needs of industry & community and develop potential entrepreneurs and to become quality Polytechnic in country through reasonable participation of women, continuous staff development process, industry-institute linkage, testing & consultancy and continuing education programs.”

Course Contents :

Energy plays a key role in achieving the desired economic growth. The entire fabric of developmental goals is webbed around a successful energy strategy. Energy is a pivotal prerequisite of developed economy and social structures. One of the major problems concerning its supply is the depleting nature of the extraction of fossil resources, combined with the need for transition to renewable energy supplies.

1. To get update with advance technology of Energy conservation .
2. Same technology will be shared with student by the faculty.
3. Literature review on the energy conservation.
4. Energy crisis in India and World.
5. Alternative energy sources
6. Sustainable energy and development.
7. Advance technology for energy conservation .
8. Energy audit.
9. Future scope for sustainable energy.

Target Participants:

Faculty from AICTE approved Government / Aided / Un-Aided Polytechnics and Engineering Colleges of any disciplines. Only ISTE Members are allowed to attend the program. Those who are not ISTE Member ,they may fill the ISTE membership form at the time of registration.
